§ 81.34 Rehearings. Any aggrieved person claiming an interest in the trust or restricted property of an Indian, who has received notice of the hearing or who was present at the hearing, may file a petition for rehearing within sixty (60) days from the date of notice on him of the determination of heirs or action on a will. A petition so filed shall act as a supersedeas until otherwise directed by the Commissioner. Distribution of the estate may be made by the superintendent after sixty (60) days have elapsed from the date of notice of the determination of heirs or action on the will unless a petition for rehearing is received within such period by the Superintendent or unless otherwise directed by the Commissioner.

Any such petition for rehearing must be under oath and must state concisely and specifically the grounds upon which it is based and must be accompanied by the sworn statements of at least two disinterested persons having knowledge of the facts. It should be addressed to the Commissioner and submitted through the superintendent.

Any such petition must be in writing addressed to the Commissioner and submitted through the Superintendent. All grounds for reopening must be set forth fully. If based on alleged errors of fact all such allegations must be under oath and must be accompanied by affidavits, or other supporting evidence. If proper grounds are not shown the petition may be denied by the Commissioner. If the petition appears to have merit the Commissioner shall cause service to be had on the adverse parties of all papers filed by the petitioner and an opportunity shall be afforded the adverse parties to answer the petition filed within thirty (30) days after notice from the Commissioner. Thereafter, all papers filed shall be submitted to the Commissioner for action either denying or granting a reopening.

PART 3175-REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 1, Direction 22, as Amended Jan. 14, 1944]

#### SPECIAL ALLOTMENTS

The following direction is issued pursuant to CMP Reg. 1, as amended:

- (a) Purpose. (1) This direction outlines the way in which a manufacturer of Class A products who does not receive allotments from his customers in time to permit him to make full use of them, may apply for a special allotment.
- (2) Special allotments will not be granted except in extraordinary cases of urgent need where a clear showing is made that failure to make the allotment will actually cause an interruption of production to the detriment of the war effort and that the applicant has made a diligent effort to obtain a'lctments from his customers and has been unable to do so. The showing of these facts must be set up in the letter of transmittal covering the application.
- (3) Usually manufacturers applying for a special allotment will be either those who are several steps removed from a prime consumer and where unavoidable delay is involved in passing allotments down or those engaged in long cycle operations whose customers are not able to furnish them with advance allotments.

(4) Special allotments will not be granted to prime consumers.

- (b) How to apply for special allotments. Applications for special allotments should be made on Form CMP-4B. The following variations from the instructions for preparing the form must be observed:
- (1) Mark the application "Special Allotment Procedure" in Item 3 of the heading.
  (2) Insert in Item 4 of the heading the description of the A product covered by the application.
- (3) The applicant must show in Section B his total anticipated production schedule for the Class A product covered by the ap-plication to be produced from the allotments for the quarters for which application is
- made.
  (4) The applicant must show in Section C his total requirements during the quarters covered by the application to fill the total anticipated production schedule shown in Section B.
- (5) Section D must be filled out in accord-
- ance with the instructions.

  (6) The applicant must show in Section E the quantity of controlled materials for which a special allotment is required which will be the difference between the quantities shown in Section C and the quantities shown in Section D.

- (7) All other information, called for on the CMP-4B application, including shipment by preference ratings and Claimant Agencies (Section A), must be given by the applicant. The application should be filed with the War Production Board Ref: Special Allotment Procedure, and must be accompanied by a letter of transmittal explaining fully why the applicant feels he is entitled to special treatment.
- (8) In those cases where the applicant has been instructed by a particular Claimant Agency or Industry Division to file an application for a special allotment he should indicate the name of the Claimant Agency or Industry Division in Item 1 of the heading.
- (c) Conditions on use of special allotments. Conditions on the use of special allotments will be imposed in the letter of transmittal accompanying Form CMPL-150 on which the special allotment will be made. Among the conditions will be the following:
- (1) A consumer receiving a special allotment must not use any allotment received from his customers to purchase controlled materials or Class A products needed in manufacturing the Class A product covered by the special allotment. This restriction applies only to the quarter or quarters covered by the special allotment. However, when a consumer has returned customer's allotments, as provided by paragraph (c) (4), in the full amount of the special allotment made to him for any one quarter, the consumer may use allotments from his customers during the rest of the quarter just as though the special allotment had never been
- (2) Authorized controlled material orders placed, or allotments made, on the basis of allotments received from customers (including SO orders received) prior to receiving the special allotment need not be changed, but the consumer receiving the special allotment must deduct from it the quantity of such orders and allotments for the same quarter.
- (3) A manufacturer receiving a special allotment must not deliver any Class A product made out of controlled materials covered by the allotment to any customer unless the customer furnishes the manufacturer with an allotment and an authorized production schedule.
- (4) A consumer receiving a special allot-ment must, not later than the fifth day of each calendar month following receipt of the special allotment, return to the Claimant Agency or Industry Division making the special allotment all allotments received from his customers for the manufacture of the Class A product covered by the special allotment, and must report allotments received and used prior to receipt of the special allotment. The return of allotments and reports must be made on Form CMP-28.
- (d) Quarters for which special allotments will be made. This special allotment procedure will be used only to make allotments through the fourth quarter of 1944.

(i) Material for the improvement of the producer's plant through the replacement of material in the existing in-stallation, but only when such equipment is beyond economical repair.

(ii) Material for the maintenance and

Application for preference ratings or allotment numbers or symbols for such orders may be made pursuant to paragraph (e).

(2) No producer shall place any purchase order for any material for maintenance, repair or operating supplies, whether or not obtained with preference ratings or allotment numbers or symbols derived from any source, which would cause the aggregate dollar value of purchase orders for materials for maintenance, repair and operating supplies placed by the producer during the calendar year 1944 to exceed the aggregate dollar value of purchase orders for such materials placed by the producer during the calendar year 1943.

(e) Special applications. (1) If the producer is unable to secure delivery of materials for maintenance, repair or operating supplies (except aluminum controlled materials) because the preference ratings or allotment numbers or symbols assigned hereunder are insufficient, or because the producer's purchase order quota, or the unit cost limitation would be exceeded, the War Production Board may, upon written or telegraphic request, assign such special ratings or allotments or additions to the purchase order quota as it deems proper. Such letters or telegrams shall be addressed to the War Production Board, Chemicals Division, Washington 25, D. C., Ref: P-89, and shall contain the following information:

# PART 1306—IRON AND STEEL [RPS 49,2 Amdt. 20]

# RESALE OF IRON OR STEEL PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the division of the Federal Register.\*

Revised Price Schedule 49 is amended in the following respects:

- 1. Section 1306.153 is amended to read as follows:
- § 1306.153 Evasion. The price limitations set forth in this price schedule shall not be evaded either by direct or

indirect methods in connection with a purchase, sale, barter, delivery or transfer of iron or steel products alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or by way of discount, premium, or other privilege, or by way of tying agreement or other trade understanding, or otherwise. No person shall subdivide an order or shipment for the purpose of avoiding any of the requirements of this Revised Price Schedule 49.

2. Section 1306.154 is amended to read as follows:

\$1306.154 Records, reports and invoicing requirements. (a) Every seller of iron or steel products shall keep for inspection by the Office of Price Administration complete and accurate records of:

(1) Each purchase, showing the date thereof; the name and address of the person from whom purchased; the point from which shipment was made; the destination; a complete description of the material furnished, including quantity, size, grade and quality, and any special operations performed for which the person from whom-the material is purchased is making a charge; the price of the material and whether such price is a delivered or shipping point price, (if a shipping point price, a copy of the papers indicating all transportation charges actually paid); and, if the price is altered by the issuance of any credit or debit by the buyer or seller, a copy of papers indicating the amount and description of such alteration. On any material pur-chased which has already been put "the operations commonly through known as the warehousing of iron or steel products", a notation shall be made to that effect, including a statement as .to the point at which such warehousing operation was last performed. Such record of purchases shall be kept for a period of not less than 2 years after such purchase by the seller.

(2) Each sale, showing the customer's name and order number; date of order; date of shipment; point from which shipment was made; destination; a complete description of the material furnished, including quantity, size, quality, and any special operations performed by the seller for which a charge is made: the price of the material and whether such price is a delivered or shipping point price; and, if the price is altered by the issuance of any credit or debit by the buyer or seller, a copy of papers indicating the amount and description of such alteration. If shipment is made by other than the seller invoicing the shipment, the name of such shipper should be shown. (If a seller's invoice bears the information outlined herein, a copy of such invoice will be considered sufficient for the purpose of this paragraph). Such record shall be kept for a period not less than one year after such sale by

the seller.

<sup>\*</sup>Copies may be obtained from the Office of Price Administration.

<sup>&</sup>lt;sup>1</sup>8 F.R. 7384, 9458, 11688, 15704. <sup>2</sup>8 F.R. 4608, 4542, 7257, 7595, 7769, 7909, 9750, 9530 13553 13669.

(b) The record of sales covering any period shall be sent to the Office of Price Administration upon its request: Provided, That a request by the Office of Price Administration for the submission of such report shall be made not later than the fifteenth day of the month immediately following the sale. It is provided further, however, that this provision shall not in the conduct of a specific investigation in any way waive the right granted the Administrator to secure for inspection any records of a buyer or seller.

(c) Additional reporting, record keeping and invoicing requirements for certain products which are set forth in paragraphs (i) and (j) of § 1306.164.

(d) Every seller of iron or steel products shall furnish a buyer on each sale of iron or steel products an invoice describing the material and the terms of sale in such detail that the buyer can determine from such invoice whether the material is priced in accordance with the regulations. This shall include, but shall not be limited to, the quality, size, grade and quantity of material; the shipping point; the price per item; whether the shipment is prepaid or collect; and the name of carrier.

In addition, if the material has not been put through "the operations commonly known as the warehousing of iron or steel products", notation shall be made to that effect (i. e., direct mill shipment,

etc.).

(e) Filing prices. On or before December 31, 1941, every seller of iron or steel products having annual gross sales of \$100,000 or more, even though iron and steel products comprise only a part of the total during the year ending December 31, 1941, shall file in duplicate, in affidavit form, with the Office of Price Administration, Washington, D. C., his prices circulated to his salesmen or customers in effect on April 16, 1941, or customarily quoted and charged on that date, including extra lists, deduction lists, charges, and discounts. Special prices or discounts given to any customers and classes of customers as of April 16, 1941, shall be filed. This includes prices or discounts to jobbers, dealers and large industrial or other special buyers. Every seller shall file individual price sheets for each warehouse or branch, showing city and country prices, wherever such exist, and he shall indicate the area or cities to which such prices apply. In the event that any prices so filed exceed the maximum prices established by Revised Price Schedule 49, the seller shall, after the effective date of Revised Price Schedule 49, eliminate this excess and charge a maximum price not in excess of the maximum prices established herein. Every seller shall state with regard to his April 16, 1941, price for each product, the range of sizes, types or cross-section covered by each price submitted; trade names, if any, and prices charged; prices for each base quantity; products sold in various quantity brackets, and prices for each bracket. If the person is a seller without prices as of April 16, 1941, (1)

because of establishment of business after April 16, 1941, or (2) because of introduction of a product not handled on or prior to April 16, 1941, he shall file a list of his inventory as of December 1, 1941, and prices he proposes to charge for such products. These prices shall not be in excess of the maximum as established by Revised Price Schedule 49. Additional filing requirements from Pacific Coast and Gulf Port sellers, and for carload business, are included in other sections of Revised Price Schedule 49. Persons affected by Revised Price Schedule 49 shall submit such other reports to the Office of Price Administration as it may from time to time require: Provided. That every seller of pipe and tubular products shall file with the Office of Price Administration, in duplicate, on or before September 15, 1942, his cutting and threading charges circulated to his salesmen or to his customers and in effect on April 16, 1941, or customarily quoted and charged as of that date.

- 3. In § 1306.156, a new paragraph (f) is added to read as follows:
- (f) The Office of Price Administration may adjust any maximum price established in this regulation in any case in which it is shown:
- (1) That as the result of maximum price increases, the seller's cost from his supplier has been raised so that there exists or threatens to exist in a particular locality a shortage in the supply of a commodity which aids directly in the war program or is essential to a standard of living consistent with the prosecution of the war; and

(2) That such local shortage will be substantially reduced or eliminated by adjusting the maximum prices of such seller for such commodity, and
 (3) That such adjustment in prices

(3) That such adjustment in prices will not create or tend to create a shortage in another locality and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

4. In § 1306.157, paragraph (m) is revoked.

5. In § 1306.159, subparagraph (5) of paragraph (h) is revoked.

- 6. In § 1306.159, in the first sentence of subparagraph (4) of paragraph (i) the words included in the parenthesis reading "Carload freight shall be charged on shipments of 40,000 pounds and over" are deleted.
- 7. In § 1306.159, subparagraph (2) of paragraph (k) is amended to read as follows:

(2) Carload prices for all products, except pipe and tubular goods; when the carload provisions shall apply. When the aggregate weight of all items of iron or steel products, except pipe and tubular products, included in all orders of one day from one person for shipment at one time or at seller's convenience to one destination exceeds the minimum carload quantity established by the applicable rail tariff for shipment of such items between the points for which freight may be added by the provisions of the Sched-

ule (when there is more than one minimum carload weight involved in the freight rate calculation in the computation of a maximum delivered price, the greatest minimum carload weight required by applicable tariffs shall govern), the maximum price for these products, provided they have been put through the operations commonly known as the warehousing of iron or steel products, shall be computed as follows:

(i) Standard wire nails, annealed smooth merchant quality wire, and galranized smooth merchant quality wire. On shipments within the city or free delivery area in which the material was last put through the operations commonly known as the warehousing of iron or steel products, the maximum delivered price for standard wire nails, annealed smooth merchant quality wire, and galvanized smooth merchant quality wire shall be the price for less-than-carload shipments as established in § 1306.159 (h) (1) and the extras set forth in (h) (3) of the same section for the shipping point, less a deduction at the rate of 15 cents per 100 pounds.

ping point to destination.

(ii) All types of galvanized roofing and siding, and merchant wire products including poultry netting, screen cloth, and hardware cloth. Such application should include:

- 1. The name of the seller and the place at which the material was last put through the operations commonly known as the ware-housing of iron or steel products.
- 2. The name of the buyer and the destina-
- 3. A complete description of the material to be furnished, including quantity, size, whether sorted to specific sizes required by buyer, and a complete outline of the operations which have been performed or will need to be performed, if any, to put the material in usable condition and whether such operation, if any, will be done by the buyer, seller, or a third party.
- (v) Certain other secondary or rejected iron or steel products. The maximum delivered price for secondary or rejected iron or steel products for which the less-than-carload prices are established by § 1306.164, Appendix F, shall be as set forth in such appendix, provided that the carload-rate of freight shall be used rather than the less-than-carload rate of freight wherever less-than-carload freight is used in computing the maximum delivered price for less-thancarload quantities. PART 1364-FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

#### IMPR 5071

CEILING PRICES OF CERTAIN FRESH FISH AND SEAFOOD SOLD AT RETAIL

In the judgment of the Price Administrator, it is necessary, in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, that maximum prices be established for the sale of certain fresh fish and seafood at retail.

So far as practicable, the Price Administrator has consulted and advised with representative members of the industry which will be affected by the regulation. In the judgment of the Price Administrator, prices established are generally fair and equitable and will effectuate the purposes of the Act. The prices established are not below the average retail prices of fresh fish and seafood in the year 1941.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected, or insofar as they were not in general use, their use is essential to effectuate price control, and o there is no effective alternative.

A statement of the considerations involved in the issuance of the regulation has been issued herewith and filed with the Division of the Federal Register.

§ 1364.352 Ceiling prices of certain fresh fish and seafood sold at retail. Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 507 (Celling Prices of Certain Fresh Fish and Seafood Sold at Retail), which is annexed hereto and made a part hereof, is hereby issued.

#### ARTICLE I-FURFOSE AND SCOPE OF THE REGULATION

Section 1. What this regulation does. This regulation fixes new ceiling prices for domestic and imported fresh fish and seafood items listed in Table A. for all rctail stores, retail route sellers and wagon retailers. These new ceiling prices are to be used instead of the ceiling prices figured under any other price regulation or order issued by the Office of Price Administration (hereinafter called OPA), except as otherwise provided in any order fixing dollars-and-cents ceiling prices which has been or which may be issued by the OPA pursuant to Revised General Order No. 51.2

Sec. 2. What stores are covered by this regulation and how you find out what group you are in-(a) What stores are covered. Your store is covered by this regulation if you are a retailer who buys and resells food products, for the most part to ultimate consumers who are not commercial, industrial or institutional users. Ceiling prices for sales to hotels, boarding houses, restaurants, institutions and other eating places selling or furnishing meals are the cailing prices fixed by Maximum Price Regulation No. 410.2 Nevertheless, any person may, during any month, use the ceiling prices fixed by this regulation in selling to eating places, if 80% or more of his total sales

of fresh fish and seafood during the previous calendar month were sales at retail to ultimate consumers. Retail route sellers and wagon retailers shall, for the purposes of this regulation, regard themselves as stores, and figure their ceiling prices as such.

(b) What are Groups 1, 2, 3 and 4 stores. For the purposes of this regulation, Groups 1, 2, 3 and 4 stores are

defined as follows:

(1) Group 1. Your store is in Group 1 if it is an "independent" store with "annual gross sales" of less than \$50,000.

(2) Group 2. Your store is in Group 2 if it is an "independent" store with "annual gross sales" of \$50,000 or more, but less than \$250,000.

(3) Group 3. Your store is in Group 3 if its "annual gross sales" are less than \$250,000, and if it is not an "independent" store.

(4) Group 4. Your store is in Group 4 if its "annual gross sales" are \$250,000 or more.

(5) Independent store. Your store is an "independent" store if it is not one of four or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

(c) How to post a sign of the group your store is in. At all times, you must have posted a sign showing the group your store is in under this regulation (reading "OPA-1", "OPA-2", "OPA-3" or "OPA-4", whichever applies to you), or you must have posted a sign which the OPA may furnish you. However, you may post the sign of another group, if you are permitted to do so under any order issued under Revised General Order No. 51. The sign must be posted of that it can be clearly seen by your customers.

SEC. 3. How and when you figure your ceiling prices for fresh fish and seafood—
(a) General rule. Your ceiling price for each item of fresh fish and seafood (that is, for each kind, size, and style of dressing or preparation), listed in Table A shall be the total of (1) the "net cost" of the largest delivery of the item received by you during the preceding seven-day period if you are a Group 1 or 2 store, or the weighted average "net cost" of all deliveries of the item during the preceding seven-day period if you are a Group 3 or 4 store, plus (2) the mark-up given your group for the item in Table A.

(b) When you must figure your ceiling prices. By the opening of business on January 27, 1944, you must have figured your ceiling price for each ftem of fresh fish and seafood listed in Table A which you have in stock at that time. These ceiling prices must be checked each week after January 27, 1944, and changed on Thursday of each week for any item, if your "net cost" of that item has changed in the preceding seven days. Never change your ceiling price on any day but Thursday.

For any item which you receive for the first time, or which you have not received during the preceding seven days, you must figure your ceiling price as soon as you receive it and before you make any sales, using the "net cost" of that first delivery. On each Thursday after that,

you must treat the item as you would any other item of fresh fish and seafood covered under this regulation.

Stores under one ownership pricing from a central point may refigure ceiling prices for items so priced, based on the "net cost" of deliveries received during the seven days preceding Tuesday of each week. These prices must not be put into effect until the following Thursday.

SEC. 4. Directions for figuring ceiling prices for fresh fish and seafood—(a) "Net cost"—(1) Provisions applicable to all stores. (i) Your "net cost" will be the amount you paid your supplier, less all discounts except the discount for prompt payment, plus all transportation charges you paid to transport the item to your usual receiving point, which may include costs for icing and refrigeration in transit, but which may not include costs for local trucking and local unloading.

(ii) Your "net cost" must be based on purchases delivered to your usual receiving point.

(iii) Your "net cost" must be figured on the basis of a per pound selling unit. Always figure "net cost" to three decimal places. Do not round out any fractions until you have added your mark-up.

(iv) You may never use as "net cost" the cost of a purchase from another retailer, and you must never figure your "net cost" on a purchase made at a cost higher than your supplier's ceiling price.

(2) Provisions applicable to Groups 1 and 2 stores—(i) "Net cost" of largest delivery. If you are a Group 1 or 2 store, to figure your ceiling price, you must first find the "net cost" of the largest delivery received by you of the item during the seven-day period before the Thursday for which you are figuring your price. If there are two or more of such largest deliveries of the same quantity, use the most recent of these deliveries.

(ii) Use of weighted average "net cost" instead of "net cost" of largest delivery. If you are a Group 1 or 2 store, you may use the weighted average "net cost" of all deliveries during the seven-day period, instead of using the "net cost" of the largest delivery during that period. If you figure "net cost" in this manner, however, you may not use the "net cost" of the largest delivery during the preceding seven-day period for any of the items listed in Table A.

(3) Provisions applicable to Group 3 and 4 stores. If you are a Group 3 or 4 store, your "net cost" will be the weighted average "net cost" of all deliveries of the item to you during the seven-day period before the Thursday for which you are figuring your price, except that stores under one ownership who price from a central point may use the weighted average "net cost" of deliveries received during the seven days preceding Tuesday of each week.

(b) Mark-up. Turn to Table A to find the mark-up for the item given your group of store.

(c) Ceiling prices. Your ceiling price will be the total of your dollars-and-cents mark-up added to your "net cost". Where this calculation results in a fraction of a cent, the figure must be reduced to the next lower cent if the fraction is less than ½ cent, and may be increased

to the next higher cent, if the fraction is  $\frac{1}{2}$  cent or more.

If you sell an item in a quantity other than the selling unit given in Table A, you must reduce or increase your price proportionately. If figuring a price for a quantity different from the "selling unit" results in a fraction of a cent, you may charge the next higher cent.

SEC. 5. Prices which you must post—
(a) Ceiling prices. At all times, you must have your ceiling price for each item covered by this regulation clearly shown at the place where you offer the item for sale. You do not have to describe this price with the words "ceiling price".

(b) Selling prices. If your selling price of any item is lower than your ceiling price you must also post this selling price directly below your ceiling price.

Sec. 6. Indirect price increases prohibited. You must not evade any of the provisions of this regulation or any order issued pursuant to it by any scheme or device. You must not, as a condition of selling any particular item, require a customer to buy anything else. Any such evasion is punishable as a violation of this regulation.

Sec. 7. Prohibitions. On and after January 27, 1944, if you sell or deliver, or offer to sell or deliver at a price higher than your ceiling price fixed by this regulation or any order issued pursuant to it, or if you otherwise violate any provisions of this regulation or any order issued pursuant to it, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended, Also, any person who, in the course of trade or business, buys from you at a price higher than your ceiling price, is subject to the criminal penalties and civil enforcement actions provided for by that act.

SEC. 8. Sales slips and receipts. If you have customarily given a purchaser a sales slip, receipt or similar evidence of purchase, you must continue to do so. Furthermore, regardless of your custom, you must give any customer who asks for it a receipt showing the date, your name and address, and each item sold and the price you charged for it.

Sec. 9. Records. After January 26, 1944, you must keep for one year after you receive them all your invoices, freight bills, and other records showing the price you paid and the date you received delivery of each item covered by this regulation.

You are required to show all your invoices on request of any OPA representative, and to furnish on request of any OPA representative a written record of your ceiling price in effect at any particular time or times for any or all of the items covered by this regulation. You must also keep available for inspection by any OPA representative the records you used in deciding what group your store is in.

Stores under one ownership pricing from a central point must also keep available at all times in each store a list showing the current selling price, as set at the central point, of each item so priced. These price lists must be kept in each store for one year, or, in the alternative, must be kept in each store for thirty days, and thereafter for a period of eleven months in the warehouse from which the items are delivered to the store, and must be shown, on request, to any OPA representative.

SEC. 10. Licensing. The provisions of Licensing Order No. 1,3 licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 11. Notice of dollars-and-cents ceiling prices. From time to time the OPA may, by order issued pursuant to Revised General Order No. 51, fix in your region or community, dollars-and-cents ceiling prices for some or all of the items under this regulation. When these dollars-and-cents prices are fixed, you may not thereafter sell at higher prices, and those orders may provide that such prices replace the ceiling prices which you have under this regulation. If such orders do not provide that they replace your prices under this regulation, you must continue to figure your prices under this regulation.

Sec. 12. Further provisions supplementing or explaining this regulation. From time to time, the Price Administrator may, by amendment, issue further provisions which will supplement the provisions of this regulation or explain the rights and duties of buyers and sellers under it. These further provisions will become part of this regulation and may be added as paragraphs to this section.

# ARTICLE II—SPECIAL PRICING PROVISIONS

SEC. 13. Additions for Groups 3 and 4 stores for delivery from warehouse to store. If you are a Group 3 or 4 store, and your store is located at a distance of 125 miles or more from your warehouse, which is your usual receiving point, you may, in figuring your celling price for an item delivered from the warehouse to your store, add to your "net cost" for the item whichever of the following amounts applies:

(a) If the store is located at a distance of from 125 through 199 miles from such warehouse, you may add 1% of your "net cost"

(b) If the store is located at a distance of from 200 through 299 miles from such warehouse, you may add 2% of your

"net cost".

(c) If the store is located at a distance of from 300 through 399 miles from such warehouse, you may add 3% of your "net cost".

(d) If the store is located at a distance of 400 miles or more from such warehouse, you may add 4% of your "net cost".

Sec. 14. Additions allowed for deliveries made by "fish stores". (a) If you are a "fish store" and you deliver to your customer's home or place of business any of the items covered by this regulation, you may add to the total value of the delivery, as a separate charge, whichever of the following amounts applies:

Value of delivery: Addition	ons allowed
80.00 to 8 .89	no addition
\$1.00 to \$1.99	10#
82.00 to 82.49	15¢
82.50 to 83.49	20¢
over \$3.50	254

(b) If you make such deliveries and add such charges, you are required to keep for one month a copy of each sales slip or invoice, itemizing clearly your prices for the items delivered and the amount of the delivery charges permitted under the provisions of this section.

Sec. 15. How you figure your ceiling price for items which you "process"—
(a) Fresh fish—(1) "Net cost." If, prior to offering any item of fresh fish for sale, you "process" it by changing its form to either drawn, dressed, dressed and skinned, fillets, cuts or steaks (sliced), you will figure your "net cost" as though you had purchased the item already processed. Your "net cost" for any style of dressing is the price, fixed at the time you process it, for that style of dressing in Maximum Price Regulation No. 418, as listed in the table of prices covering your supplier's sale to you. If the item which you "process" is one which you purchased from a producer under Table A in Maximum Price Regulation No. 418, your "net cost" is the price, fixed at the time you process it, for that style of. dressing in Table B of Maximum Price Regulation No. 418. If you received deliveries from more than one type of supplier, use the table price in Maximum Price Regulation No. 418 applicable to the type of supplier from whom you received the largest single delivery.

Nore: This paragraph (a) applies only to processing which changes the item to one of the following major styles of dressing: drawn, dressed, dressed and skinned, fillets, cuts or steaks.

(2) Mark-up. (i) Your mark-up for any item which you process prior to offering for sale by changing the form to drawn, dressed, or dressed and skinned, shall be the mark-up given your group of store for the item in the table covering whole fish sold on gross weight basis and prepared to the customer's order.

(ii) Your mark-up for any item which you process prior to offering for sale by changing the form to fillets, cuts or steaks shall be the mark-up given your group of store for the item in the table covering fillets, cuts and steaks sold as purchased.

For example, if in the month of January you purchase haddock drawn from a cash and carry wholesaler (Table D) under Maximum Price Regulation No. 418, and if, prior to offering the haddock for sale, you change its form from drawn to dressed your "net cost" under this regulation is the Table D price listed in Maximum Price Regulation No. 418 for dressed haddock (plus transportation

and container allowances permitted in Maximum Price Regulation No. 418). To figure your ceiling price, add to your "net cost" the per pound mark-up given your group of store for haddock-in the table covering whole fish sold on gross weight basis and prepared to the customer's order.

If instead of dressing the haddock, your fillet it, your "net cost" is the Table D price listed in Maximum Price Regulation No. 418 for haddock fillets, (plus transportation and container allowances parmitted in Maximum Price Regulation No. 418). To figure your ceiling price, add to your "net cost" the per pound mark-up given your group of store for haddock in the table covering fillets, cuts and steaks sold as purchased.

(3) If, prior to offering any item of fresh fish for sale, you scale and clean it in such a manner that the form of the fish is not changed from one major style of dressing to another, and such scaling and cleaning is the only processing you perform, you may add ½ cent per pound to your "net cost" of the item figured under section 4.

(b) Fresh seafood—(1) "Net cost". If. prior to offering any item of fresh sea-food for sale, you "process" it by chang-ing its form to either headless, headless and veined, peeled, or peeled and veined, you will figure your "net cost" as though you had purchased the item already processed. Your "net cost" for any style of dressing is the price, fixed at the time you process it, for that style of dressing in Maximum Price Regulation No. 418, as listed in the table of prices covering your supplier's sale to you. If the item which you "process" is one which you purchased from a producer under Table A in Maximum Price Regulation No. 418, your "net cost" is the price, fixed at the time you process it, for that style of dressing in Table B of Maximum Price Regulation No. 418. If you received deliveries from more than one type of supplier, use the table price in Maximum Price Regulation No. 418 applicable to the type of supplier from whom you received the largest single delivery.

(2) Mark-up. Your mark-up for any item of fresh seafood which you "process" prior to offering for sale shall be the mark-up given your group of store for the item in the table covering fresh seafood sold as purchased.

Sec. 16. How you figure your "net cost" for items which you import. If you import any item covered by this regulation, your "net cost" may not exceed the Table B price (plus transportation and container allowances) fixed in Maximum Price Regulation No. 418 for the item.

# ARTICLE HI-ADJUSTMENT PROVISIONS

Sec. 17. How Groups 3 and 4 stores may, under certain conditions, use the Group 1 and 2 mark-ups. (a) If you are a Group 3 or 4 store, and you have received permission to use the Group 1 mark-ups under Maximum Price Regulation No. 422,4 or the Group 1 and 2

mark-ups under Maximum Price Regulation No. 336 5 or Maximum Price Regulation No. 355,° you must figure your ceiling prices in accordance with the provisions of this regulation applicable to Groups 3 and 4 stores, except that you may use the Group-1 and 2 mark-ups under this regulation. You must then post the Group 1 sign.

(b) If you are a Group 3 or 4 "fish store" which meets the gross margin requirements specified in this section, and you do business in the manner outlined below, you may apply under paragraph (c) of this section to use the mark-ups provided for Group 1 and 2 stores:

(1) Your store generally offers to all its customers the services of taking orders by telephone, carrying monthly charge accounts, and providing delivery

service:

(2) The general level of your prices for fish and seafood was, during September 1942, at least as high as the level maintained by Groups 1 and 2 stores, and was generally higher than that maintained by Groups 3 and 4 stores for such items in your community; and

(3) The total gross margin in your fiscal year 1941 was more than 25% on all sales and also, if you are not an "independent" store, more than 25% on the combined sales of the items in all the stores in your organization. If you were not in business in 1941, use your most recent fiscal year (or fiscal period, if not in business a full fiscal year).

(c) Your application must be filed in duplicate on or before March 1, 1944, with your nearest district OPA office on a form which you may obtain from that office. You may combine on one form the applications of more than one of your stores. If your application is finally approved, OPA will tell you when to begin using the Group 1 and 2 markups, and from such time on you shall post a sign in your store designating it as a "Group 1" store and it shall be considered a Group 1 store for all orders issued under Revised General Order No.

SEC. 18. Applications for adjustment. Any regional office of the OPA, or such offices as may be authorized by order issued by the appropriate Regional Office, may act on all applications for adjustment under the provisions of this regulation. Applications for adjustment are governed by Revised Procedural Regulation No. 1.

# ARTICLE IV-MISCELLANEOUS PROVISIONS

SEC. 19. How you find the "annual gross sales" of your store. (a) To find your "annual gross sales", take your total sales for the calendar year 1942. Include all sales as shown on your books, except sales made by a restaurant in conjunction with your store. You can use your Federal Income Tax Return to get your gross sales for all or part of the calendar year 1942 which is covered by such return. If you own more than one store, figure the sales for each store

separately, treating each as a separate retailer.

(b) If you were not in business during the entire year 1942, you must divide your total sales from the time you began operation up to January 26, 1944, by the number of weeks you were in business. This will get you your weekly average sales. Multiply the figure by 52, and the result is your "annual gross sales".

SEC. 20. How you determine your group in certain special cases—(a) Stores in which more than one retailer operates. If you sell fresh fish and seafood in a retail store in which there are other food retailers, none of whom sells fish and seafood, you must find your group by taking the combined "annual gross sales" of all the food retailers in that store.

(b) New stores. If you open a retail store after January 26, 1944, you may consider yourself a Group 1 store if you are an "independent" store, or a Group 3 store if you are not an "independent" store. However, after you have been in business for three months, you must determine again what group your store is in. To do this, take your total sales for the three-month period and multiply by four. Use the result as your "annual gross sales" in determining the group in which your store belongs.

If you find that your store should now be in another group, you may continue to use the Group 1 or Group 3 mark-ups until the second Thursday following the end of the three-month period, by which time you must have refigured all your ceiling prices using the mark-ups for

your new group.

If, by reason of the new store, you now are one of four or more stores under one ownership, you must, at the end of the three-month period, refigure the combined "annual gross sales" for all of your stores. If the combined "annual gross sales" are \$500,000 or more, all of your stores must then be considered as Group 3 or 4 stores. You may continue to use the existing ceiling prices in each store until the second Thursday following the end of the three-month period, by which time you must have refigured all of your ceiling prices in each store, using the mark-ups for its proper group.

(c) Discontinuance of stores. you are not an "independent" store and you close one or more of your stores, so that you now have less than four stores under one ownership, you may find your group for each of the remaining stores by determining the "annual gross sales". under section 19, treating each store as

an "independent" store.

(2) If you are not an "independent" store, and you close one or more of your stores, but four or more stores continue under one ownership, you may figure the combined "annual gross sales" under section 19 for those remaining in operation. If the combined "annual gross sales" are not \$500,000 or more, you may then determine your group for each store, treating each store as an "independent" store.

(3) If you find that any store is now in another group, you may refigure all of your ceiling prices for that store before the opening of business on any Thursday.

SEC. 21. Taxes. You may collect, in addition to your ceiling price, any tax upon or incident to a sale at retail of items covered by this regulation, if you state the tax separately, and if the statute or ordinance does not prohibit sellers from stating and collecting the tax separately from the price.

SEC. 22. Transfer of business and stock in trade. If, after January 26, 1944, you acquire in any way the business, assets, and stock in trade of any seller at retail subject to this regulation, and you carry on the business or continue to deal in the same type of food products in that same store, your ceiling prices shall be the same as those of the former owner, as if no transfer had taken place. You must keep all the records needed to verify your ceiling prices. The former owner must either preserve and make available to you, or give you, all the records of his transactions before you acquired the store, which you need to comply with the record provisions of this regulation.

If the transfer changes the business from one group of retail stores to another, your ceiling prices shall be those for the group of retailer to which you

belong under this regulation.

SEC. 23. Relation to other regulations. The provisions of this Maximum Price Regulation No. 507, except as otherwise provided in this regulation, shall, on and after January 27, 1944, supersede the provisions of Maximum Price Regulation No. 439,7 and any other applicable price regulation or order issued by the OPA, except any order issued pursuant to Revised General Order No. 51, with respect to sales by retail stores, retail route sellers and wagon retailers of any kind of fish or seafood for which ceiling prices are established by this regulation.

Sec. 24. Geographical applicability. The provisions of this regulation shall apply to the 48 states of the United States

and to the District of Columbia.

SEC. 25. Definitions. (a) (1) "Sale at retail" shall mean a sale to an ultimate consumer other than a commercial, industrial or institutional user.

(2) "Fish store" is a store at least 90% of whose sales are sales of fish or seafood to ultimate consumers other than commercial, industrial or institutional users.

(3) "Delivery" of an item covered by this regulation shall be considered to have occurred when the item has been received by you at your usual receiving

point.
(4) "Usual receiving point" will be either your retail store or your warehouse from which you supply your retail stores, depending upon where you normally receive the particular item you are pricing under this regulation.

(5) "Item" is each kind, size, and style of dressing or preparation of fresh fish and seafood listed in Table A, both domestic and imported, but shall not include any frozen fish or frozen seafood. You must figure a separate ceiling price for each item you sell.

(6) "Process" shall mean any operation by a retailer prior to offering the

PURCHASES OF LULK FROM PRODUCERS FOR RESALE AS FLUID MILK

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.\*

Section 1351.415 (b) is amended to read as follows:

(b) (1) If a purchaser did not purchase "milk" from a particular producer during January 1943, but subsequently purchases from that producer, the maximum price that he may pay shall be the highest price which any purchaser paid that producer during January 1943 (or the price subsequently established in accordance with the provisions of this regulation for such purchaser who bought from that producer during January 1943) subject to the same price differentials for grade and quality which were in effect for that producer during that month, or the price computed as follows, whichever is higher:

The highest price paid to that producer by any purchaser for "milk" delivered during March 1942, subject to the same price differentials for grade and quality which were in effect for that producer during that month, plus 10¢ per cwt. for each full 1/46 increase over March 1942 in the purchaser's maximum resale price for standard fluid sweet milk in quart container sizes. The "increase" in resale prices means the increase since March 1942 in the highest price, before discounts and allowances, charged any purchaser either at retail or at wholesale. He shall use the rate of increase at retail in calculating the increased buying prices to producers if retail sales made up the greater part of his total volume during January 1943; if not, he shall use the rate of increase applicable to wholesale

(2) If a maximum price for a purchaser of "milk" from producers cannot be determined under paragraph (a) or paragraph (b) (1) of this section, the maximum price shall be determined as

#### FEDERAL TRADE COMMISSION.

[Docket No. 5115]

GENERAL BAKING COMPANY

NOTICE OF HEARING

The Federal Trade Commission having reason to believe that the party respondent named in the caption hereof and hereinafter more particularly designated and described has since June 19, 1936, violated and is now violating the provisions of subsection (d) of section 2 of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, sec. 13), hereby issues its complaint, stating its charges with respect thereto as follows:

Paragraph 1. The respondent, General Baking Company, is a corporation organized and existing under and by virtue of the laws of the State of New York, with the principal office and place of business located at 420 Lexington Avenue, New York, N. Y.

Par. 2. Respondent corporation is now and has been since June 19, 1936, errgaged in the business of processing and manufacturing, offering for sale, selling, and distributing bread, pastries, and allied products, including its bakery bread which it distributes in various sections of the United States under the name of "Bond Bread". Respondent sells and distributes said products in commerce between and among the various states of the United States and the District of Columbia, and preliminary to or as a result of such sales, causes said products to be shipped and transported from the place of origin of the shipment to the purchasers thereof who are located in states of the United States other than the state of origin of the shipment. There is and has been at all times herein mentioned a continuous current of trade and commerce in said products across state lines between respondent's factories and the purchasers of said products. Said products are sold and distributed for use, consumption, and resale within the various states of the United States and the District of Columbia.

PAR. 3. In the course and conduct of its business as aforesaid, respondent is now and during the time herein mentioned has been in substantial competition with other corporations, individuals, partnerships, and firms engaged in the business of manufacturing, selling, and distributing bread, pastry, and allied products in commerce between and among the various states of the United States and the District of Columbia.

Par. 4. Respondent corporation in the course and conduct of its business and in the course of such commerce is now and has been subsequent to June 19, 1936, engaged in manufacturing and processing bakery products for distribution and sale and in selling such products to customers who are competitively engaged with each other in handling, offering for sale, and sale of such bakery products

to consumers and to others for resale to consumers. The respondent corporation has contracted to pay and has paid to a limited number of its customers (hereinafter called preferred customers) located in Washington, D. C.; Philadelphia, Pennsylvania; Norfolk, Virginia; Louisville, Kentucky; Indanapolis, Indiana; Columbus, Ohio and elsewhere varying sums of money in consideration of and as compensation for advertising services and facilities contracted to be furnished and furnished by said preferred customers in connection with the handling, offering for sale and sale of said products. The respondent has approximately thirty-five of such preferred customers to whom it grants and allows such advertising allowances which vary in amounts from a minimum of fifty cents a week to a maximum of five hundred and twenty-five dollars per month. The respondent has made and makes such payments as compensation for advertising services and facilities with the understanding and agreement that the preferred customers will advertise respondent's products in newspapers and by handbills and bulletins and otherwise. The respondent has not made such payments of advertising allowances available on proportionally equal terms to other customers who compete with said preferred customers in the distribution of its products.

Par. 5. Such acts of respondent since June 19, 1936, in interstate commorce in the manner and form aforesaid of paying and contracting to pay such preferred customers for services and facilities furnished by and through them in connection with the handling, offering for sale and sale of respondent's products without making such payments available on proportionally equal terms to all other competing customers is in violation of the provisions of section 2 (d) of the Clayton Act as amended by the Robinson-Patman Act.

Wherefore, the premises considered, the Federal Trade Commission on this 11th day of January, A. D. 1944, issues its complaint against said respondent.

Such answer chall contain a concise statement of the facts which constitute the ground of defence. Respondent chall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without Intowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

An opinion accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Paragraph (a) (10) is added to read as follows:

(10) Tale and ground soapstone, including crayons. This subparagraph permits the granting or relief to producers of tale and ground soapstone, including crayons, who are unable to maintain their production under their existing maximum prices whenever there is a gen-

eral shortage in the essential supply of the commodity. The extent of relief to be granted under this subparagraph is set forth herein.

(i) Whenever it has been certified by the War Production Board or other responsible government agency that a shortage exists or threatens to exist in the essential supply of talc and ground soapstone, including crayons, and that a producer of such commodities is unable to maintain his production at his maximum price or prices, the Office of Price Administration may, either on application for adjustment in accordance with the provisions of Revised Procedural Regulation No. 1, or on its own motion, by order, adjust his maximum price or prices by an amount necessary to permit the maintenance of such production upon a basis not in excess of the cost to produce and sell.

In determining the amount of adjustment which may be granted, consideration will be given to such factors whenever applicable as:

(a) Revenue from sales of such commodity and from all other sources; and

(b) Inventories, mining, development, milling, processing, transportation costs, cost of material, labor, maintenance, supplies, workmen's compensation taxes, power, taxes (other than State and Federal income taxes), insurance, royalties, depreciation and depletion (wherever practicable as determined by the Bureau of Internal Revenue in the computation of the Federal income tax), other production expenses, and reasonable costs of selling and administration. Before filing an application for adjustment under the provisions of this subparagraph, each applicant shall obtain from the Office-of Price Administration, Building Materials Price Branch, Washington 25, D. C., a statement of the specific information that will be necessary in order that his application may receive attention.

(iii) Passing on of permitted increase by levels beyond the producer. In issuing adjustment orders under this subparagraph, the Price Administrator will, wherever required, provide the extent to which any increase permitted under this subparagraph, by way of adjustment, may be added to the maximum price or prices of sellers other than the producer.

This Amendment No. 10 shall become effective January 15, 1944.

THE UNITED GAS IMPROVEMENT CO.
NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 11th day of January 1944.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The United Gas Improvement Company, a registered holding company.

Notice is further given that any interested person may, not later than January 24, 1944, at 10:00 a. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said declaration or application, as filed or as amended, may be granted, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration or application, which is

on file in the office of the said Commission, for a statement of the transactions therein proposed, which are summarized below:

The United Gas Improvement Company proposes to change its 35,000,000 authorized shares of no par capital stock into 3,500,000 shares of \$13.50 par value each, and similarly to convert its 23,-250,000 outstanding shares of no par capital stock into 2,325,200 shares with a par value of \$13.50 each, on the basis of a proposed exchange of one share of the new stock for each ten shares of the present stock.

In lieu of fractional shares of the new stock, it is proposed to issue non-voting scrip in bearer form, which, during a parlod of one year commencing on or about September 7, 1944, will be exchangeable, in combination with other similar scrip, for the number of full shares represented thereby. After the one-year period, it is proposed to pay and discharge the scrip in cash on the basis of the average closing price of the stock for the period from September 10 to September 14, 1945, inclusive.

The difference of \$549,240 between the stated capital presently applicable to the capital stock of the company (\$31,939,440) and the stated capital represented by the shares of the proposed new capital stock: (\$31,390,200) will be credited to the capital surplus account, and the 2,424 shares of present capital stock now held in the treasury of the company will be cancelled and retired by charging capital surplus with \$3,334.

The stated purposes of the proposed transactions are to reduce the number of shares of capital stock so that they will be more proportionate to the substantially reduced assets of the company; to make the new shares more acceptable as collateral security than the present shares selling under \$5 per share; and to reduce brokerage commissions on purchases or sales and transfer taxes on sales of the stock.

The proposed transactions will be submitted to a stockholders' vote at the next annual meeting of stockholders, scheduled for May 1, 1944.

By the Commission.

FEDERAL LIGHT AND TRACTION CO., ET AL. HOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING ON PLAN AND ORDER FOR CONSOLIDATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 11th day of January 1944.

In the matter of Federal Light and Traction Company and its subsidiary Companies, File No. 54-87; Cities Service Power & Light Company and its subsidiary companies, File No. 59-7. I

The Commission having heretofore, in proceedings under section 11 (b) (1) of the Public Utility Holding Company Act of 1935, ordered Federal Light & Traction Company ("Federal"), a registered holding company, to divest itself of its interests in its subsidiaries operating in the States of Missouri and Wyoming, and having reserved jurisdiction as to the retainability by Federal of its interests in Deming Ice and Electric Company and The Tucson Gas Electric Light and Power Company, and of the gas and nonutility businesses conducted by other subsidiary companies of Federal operating in the States of New Mexico and Colorado,

Notice is hereby given that Federal has filed with this Commission a plan of reorganization pursuant to section 11
(e) of the act proposing action designed to reduce the capitalization of Federal to a single class of stock, namely, common stock, and to merge or consolidate Federal and its subsidiary companies operating in the States of Colorado, New Mexico and Arizona, into a single utility company operating in such States (said company being hereafter referred to as the "New Company"). Federal also proposes to dispose of all of its other interests.

All interested persons are referred to the plan which is on file in the office of the Commission for a full statement of the transactions therein proposed which are summarized as follows:

1. Federal has outstanding (as at October 31, 1943) 524,903 shares, par value \$15 per share (aggregating \$7,873,545 par value) of common stock and 43,621 shares (exclusive of 753 shares held in treasury) of no par value \$6 cumulative preferred stock having a stated value of \$4,312,948.51. It has no outstanding funded debt. Federal proposes to negotiate a bank loan in the sum of \$1,000,-000 for a term of two years. If the loan is secured, a matter not presently determined, the Loan Agreement will provide that the securities of Springfield Gas and Electric Company, Sheridan County Electric Company and Tucson Rapid Transit Company held by Federal will be pledged as collateral security for the payment of the loan and, upon the proposed disposition by Federal of those securities as hereinafter set forth, the proceeds thereof will be used to reduce or pay off the amount of the loan. A copy of the Loan Agreement in definitive form will be filed with the Commission on or before the date of the first hearing on the plan. With the proceeds of the loan and its other cash resources, Federal proposes to retire its outstanding preferred stock by the payment of the liquidating value of \$100 per share, aggregating \$4,362,100 plus accrued dividends to date of payment. The present call price of the preferred stock is \$110 per share.

Federal requests that, as a first step in the consummation of the plan, the Commission approve the making of the loan and the application of the proceeds and other cash to the retirement of the out-

standing preferred stock of Federal in the manner proposed.

2. The plan proposes that Federal dispose of its interests in Springfield Gas and Electric Company, Sheridan County Electric Company and Tucson Rapid Transit Company. However, if at the time of the merger or consolidation referred to above, Federal shall not have disposed of its interests in such companies the New Company will acquire such interests in the merger subject, however,

to any pledge thereof to secure the bank loan, and subject further to the condition that any order of the Commission approving the plan may require the New Company to dispose of its interests therein.

3. It is proposed that the present Federal company together with the following named subsidiary operating companies be merged or consolidated into The Tucson Gas Electric Light and Power Company as the surviving company (New Company):

	Nature of business	Location
Albuquerque Gas and Electric Co	Electric and Water	New Mexico. New Mexico. New Mexico. Now Mexico. Now Mexico. Colorado and New Mexico. Now Mexico and Arizona.

(Stonewall Electric Company also owns certain electric properties in Wyoming which, under the plan, are to be disposed of together with the properties of the Sheridan County Electric Company.)

The New Company will be duly qualified to carry on a utility business in the States of Arizona, New Mexico and Colorado. The New Company will issue to the holders of the present common stock of Federal, common stock in a par value of \$7,873,545 being equal to the aggregate par value of the common stock of Federal presently outstanding

presently outstanding.
4. Federal requests that the Commission enter an order approving the plan as necessary to effectuate the provisions of section 11 (b) of the act and as fair and equitable to the persons affected thereby, and it further requests that such order or orders of the Commission in this proceeding relating to the various steps or matters involved in the plan conform to the requirements of sections 371 and 1808 of the Internal Revenue Code by including therein a determination that the particular transaction or transactions involved are necessary or appropriate to the integration or simplification of the holding company system and are necessary or appropriate to effectuate the provisions of section 11 (b) of the act.

п

The Commission having heretofore instituted a proceeding (File No. 59-7) under section 11 (b) (1) of the act involving the holding company system of Cities Service Power & Light Company and the holding company system of Federal, a subsidiary thereof, and the Commission on August 17, 1943, having issued an order in the section 11 (b) (1) proceeding directing comprehensive action under the standards of that section, including action to be taken by Federal, and having reserved jurisdiction as to certain issues, including the retainability by Federal of its. introduce additional evidence granted by the Commission in its order dated September 10, 1943, and hearings having been held as to certain of such matters and having been continued on December 2, 1943, subject to call; and

It appearing that the matters to be considered in connection with the proposed plan of Federal (File No. 54-87), and certain of the matters to be considered in said proceeding instituted by the Commission under section 11 (b) (1) (File No. 59-7), are related and involve common issues of law and of fact and that a consolidation of such matters and issues for hearing would be in the interest of expeditious procedure,

GENERAL GAS & ELECTRIC CORP., ET AL.

SUPPLEMENTAL FIRIDINGS AND ORDER APPROVING PLAN

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia 3, Pa., on the 11th day of January 1944.

In the matter of General Gas & Electric Corporation, Florida Power Corporation, Florida Public Service Company, Sanford Gas Company, Sante Fe Land Company, Georgia Power and Light Company, File No. 70-641; Georgia Power and Light Company, General Gas & Electric Corporation, File No. 59-62.

The Commission having, on September 7, 1943, issued its order herein (Holding Company Act Release No. 4545), with respect to, among other things, the merger into Florida Power Corporation of Florida Public Service Company and the accompanying transfers, conveyances, exchanges and related transactions, and the issuance by Florida Power Corporation of 3,000,000 shares of new no par value common stock:

The applicants-declarants having now filed amendments adding certain additional matter and data to the record in these proceedings; making certain representations on the part of General Gas & Electric Corporation (Gengas) and Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation (Trustees); requesting that the transactions proposed in the instant

filings be considered as a plan under section 11 (e) of the act, and that such plan be approved as "necessary to effectuate the provisions of subsection (b) and fair and equitable to the persons affected by such plan"; and requesting that the Commission supplement its order of September 7, 1943, so as to include therein said approval under section 11 (e), and so as to set forth the recitals specified in section 371 (b), section 373 (a) and section 1808 (f) of the Revenue Code, as amended; and Gengas and Trustees having included in said amendment an agreement to accept the provision hereinafter imposed;

On the basis of said amendments and of all the facts set forth in the record, including the representations of Gengas described in paragraph 3 below, the Commission makes the following findings:

1. That on September 4, 1941, the Commission instituted proceedings against Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation (File No. 59–32) pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935 and that in response thereto an answer was filed which, among other things, proposed that as a step in effectuating the requirements of section 11 (b) (1) of the Public Utility Holding Company Act of 1935 the Florida and Georgia properties of the Gengas holding company system were to be grouped into a single system;

2. That the consummation of the merger of Florida Public Service Company into Florida Power Corporation and the issuance by Florida Power Corporation of 3,000,000 shares of no par value common stock will facilitate action by Trustees and Gengas either to distribute these shares to the public security holders of the holding company system in liquidation of security holders' claims, or, in the alternative to sell such securities for cash and use the proceeds to liquidate claims of such security holders; and

3. That Gengas and Trustees have represented to the Commission in said amendments that they anticipate complying with the provisions of section 11 (b) (1) of the act by, among other things, the eventual distribution of these 3,000,000 shares of Florida Power Corporation to public security holders or by sale of said holdings to non-affiliated interests;

4. That the consummation of (a) the merger of Florida Public Service Company into Florida Power Corporation by the transfer of its assets to Florida Power Corporation and the assumption by this latter corporation of the liabilities of Florida Public Service Company, and (b) the issuance to General Gas & Electric Corporation by Florida Power Corporation of 3,000,000 shares of its new no par value common stock are preliminary steps related to the above-described program of the Trustees of Associated Gas and Electric Corporation to effectuate compliance with the requirements of section 11 (b) (1) of the act, and that the transactions considered in the light of section 11 (e) of the act are necessary

to effectuate the provisions of subsection (b) and fair and equitable to the persons affected by such plan;

The Commission making said findings in reliance upon the statements of intention of Gengas and Trustees as set forth in paragraph 3 hereinabove set forth;

It is hereby ordered, That the order of the Commission issued herein on September 7, 1943, be, and hereby is, supplemented so as to include as part thereof the foregoing findings; and that on the basis of said findings the plan proposing the transactions above described be, and hereby is, approved, and that said transactions hereby are authorized, permitted, and approved as necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935; Provided, however, That if the interests of said Trustees and Gengas in said shares shall not be disposed of by distribution to public security holders or by sale to non-affiliated interests in accordance with the aforesaid representations of intention within two years from date of this order or upon the expiration of such earlier period as the Commission may hereafter designate pursuant to section 11 (b), the Commission may rescind so much of these supplemental findings and order as contain findings for the purpose of sections 371 (b), 373 (a), and 1808 (f) of the Revenue Code, as amended; said rescission not to affect the consummation or impair the validity of any of the transactions authorized and approved by the Commission in this consolidated proceeding by its order of September 7, 1943, or otherwise, nor shall anything herein after or change the terms and conditions imposed by said order of September 7, 1943.

PUBLIC SERVICE COMPANY OF OKLAHOMA,
ET AL.

#### ORDER APPROVING PLAN

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 10th day of January 1944.

In the matter of Public Service Company of Oklahoma, Southwestern Light & Power Company, Central and South West Utilities Company and The Middle West Corporation, File No. 70–178; West Texas Utilities Company and American Public Service Company, File No. 70–686

The Commission on the 3d day of August, 1943, issued its findings and opinion pursuant to the Public Utility Holding Company Act of 1935 regarding the proposed merger of Southwestern Light & Power Company into Public Service Company of Oklahoma and certain related transactions between The Middle West Corporation, Central and South West Utilities Company, American Public Service Company, West Texas Utili-ties Company, Public Service Company of Oklahoma and Southwestern Light & Power Company, such opinion providing, however, that the order of the Commission with respect thereto should not issue until such time as Public Service Company of Oklahoma should have complied with the requirements of the Securities Act of 1933 with respect to the issue and sale of 15,000 shares of its preferred stock to be issued in connection with such merger. Such opinion further provided that jurisdiction be reserved with respect to the proposed issuance and sale by Public Service Company of Oklahoma of its bonds in the principal amount of \$6,600,000 for the purpose of redceming \$6,648,000 principal amount of bonds of Southwestern Light & Power Company proposed to be assumed in connection with such merger.

Public Service Company of Oklahoma has now filed an amendment proposing merely to assume the \$6,648,000 principal amount of first mortgage bonds, Series "A", 324%, due December 1, 1989 of Southwestern Light & Power Company, and has also filed a registration statement under the Securities Act of 1933 with respect to the proposed issuance of the 15,000 shares of preferred stock of Public Service Company of Oklahoma which has become effective.

Our opinion herein discussed the proposed transactions on the basis that \$6,600,000 principal amount of Public Service Company of Oklahoma 3½% bonds would be outstanding rather than on the basis that the \$6,648,000 principal amount of Southwestern Light & Power Company 3½% bonds would be assumed and remain outstanding. It appears, however, that this change will not materially alter either the pro forma balance sheet or earnings statement shown in our opinion of August 3, 1943 and therefore warrants no different conclusion.

Public Service Company of Oklahoma has requested that the applications and declarations regarding the proposed transactions be considered as a plan filed under section 11 (e) of the act and that the order of the Commission with respect to said transactions conform to the requirements of sections 371 (f), 373 (a) and 1808 (f), as amended, of the Internal Revenue Code.

The Commission finding that said applications and declarations regarding the proposed transaction constitute a plan under section 11 (e) of said Act, and that said plan is necessary to effectuate the provisions of section 11 (b) thereof and fair and equitable to the persons affected by such plan;

It is therefore ordered, That said plan be and hereby is approved, subject, however, to the conditions specified in Rule

U-24 under said act.

It is further ordered, That the approval of said plan includes specific approval of the following transactions:

1. The issuance of 15,000 shares of 5% preferred stock by Public Service Com-

pany of Oklahoma;

- 2. The assumption of \$6,648,000 prin-cipal amount of 334% first mortgage bonds of Southwestern Light & Power Company by Public Service Company of Oklahoma;
- 3. The issuance by Public Service Company of Oklahoma of 11,167 shares of the \$100 par value common stock and the acquisition of such stock by The Middle West Corporation and the transfer by The Middle West Corporation of 11,167 shares of \$6 preferred stock of Southwestern Light & Power Company to Public Service Company of Oklahoma;
- 4. The sale and transfer of 9,679 shares of common stock of Public Service Company of Oklahoma by The Middle West Corporation to Central and South West Utilities Company and the sale and transfer of 1,488 shares of common stock of Public Service Company of Oklahoma by The Middle West Corporation to American Public Service Company and the acquisition of such stock by said companies;

5. The issuance by Central and South West Utilities Company of its 4% note in the principal amount of \$870,000 and the acquisition of such note by The Mid-

dle West Corporation;

6. The acquisition by American Public Service Company and The Middle West Corporation of such shares of preferred stock of Public Service Company of Oklahoma as may be required pursuant to the agreement between such companies and Public Service Company of Oklahoma executed in connection with the proposed merger of Public Service Company of Oklahoma and Southwestern Light & Power Company;

7. The acquisition by West Texas Utilities Company and the sale to it by American Public Service Company of such number of shares of the \$6 preferred stock of West Texas Utilities Company as will, at a price of \$69.17 per share, provide American Public Service Company with the approximate amount of funds as may be required by it pursuant to the agreement between

it and Public Service Company of Oklahoma in connection with the proposed merger of Public Service Company of Oklahoma and Southwestern Light &

Power Company;
8. The solicitation by Public Service Company of Oklahoma with respect to its offer to exchange its preferred stock for the outstanding prefered stock of Southwestern Light & Power Company;

- . 9. The acquisition by Public Service Company of Oklahoma and surrender by it for cancellation of such amount, not exceeding 15,000 shares, of the preferred stock of Southwestern Light & Power Company as may be acquired by it pursuant to such exchange offer;
- 10. The acquisition and retirement by Southwestern Light & Power Company from public holders thereof of such number of shares of its preferred stock as are not acquired by Public Service Company of Oklahoma pursuant to the exchange offer;

11. The redemption and retirement by Southwestern Light & Power Company of 363 shares of its Class A common stock, \$100 par value held by the public at its liquidating value of \$100 per share;

12. The redemption and retirement by Southwestern Light & Power Company of 134 shares of its common stock held by

the public at \$21 per share;

13. The advance to Southwestern Light & Power Company by Public Service Company of Oklahoma on open account without interest of a sum sufficient to pay \$100 per share of the liquidation price payable in respect of such number of the 24,255 shares of the \$6 preferred stock of Southwestern Light & Power Company as are not acquired by Public Service Company of Oklahoma pursuant to the exchange offer; and

14. The transfer by Southwestern Light & Power Company and the acquisition by Public Service Company of Oklahoma of all the liabilities of Southwestern Light & Power Company in exchange for any advances made to Southwestern Light & Power Company by Public Service Company of Oklahoma and all the outstanding capital stock of Southwestern Light & Power Company held by Public Service Company of Oklahoma.

It is further ordered, That said transactions and the above specified exchanges, expenditures, investments, distributions, issuances, transfers, conveyances, and sales included therein, are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

It is further ordered, That the report this day issued by the Commission with respect to the proposed offer of preferred stock of Public Service Company of Oklahoma in exchange for the outstanding preferred stock of Southwestern Light & Power Company be adopted as the report by the Commission pursuant to the provisions of section 11 (g) of the act and that a copy of such report be delivered

to each stockholder of Southwestern Light & Power Company solicited to accept such offer of exchange.
